

What is Homa Therapy?

It is
the science
of HEALING the
ATMOSPHERE
through
PYRAMID FIRES
to eliminate
POLLUTION &
CONTAMINATION

What is Agnihotra?

- It is the smallest and basic Homa healing fire tuned to the specific biorhythm of sunrise/sunset.
- It comes from the ancientmost Vedic sciences of *Bioenergy, Medicine, Agriculture and Climate Engineering.*

Agnihotra

Essentials:

- Copper pyramid of fixed size
- Ingredients:
 - dried cow dung
 - ghee (clarified unsalted cow's butter)
 - unpolished rice
- Mantra (vibration)
- Timetable of sunrise and sunset exact to the second

Description of Sunrise

In ancient tradition sunrise is described as follows:

“At sunrise the many fires, electricities, ethers and more subtle energies emanating from the sun extend all the way to the Earth and produce a flood effect at those coordinates where the sun is said to rise. It is awesome. The flood enlivens and purifies everything in its path, destroying what is impure in its wake. This torrent of life-sustaining energies causes all life to rejoice. At sunrise that music can be heard. The morning Agnihotra Mantra is the essence of that music. It is the quintessential sound of that flood. At sunset the flood recedes.”

Agnihotra Mantras

At Sunrise

sooryáya swáhá sooryáya idam na mama
prajápataye swáhá prajápataye idam na mama

At Sunset

agnaye swáhá agnaye idam na mama
prajápataye swáhá prajápataye idam na mama

Agnihotra Procedure

- The fire should be fully ablaze at the time given in the time table.
- Take a few grains of unbroken rice (Akshata) and preferably less polished in your left hand or in a dish and apply a few drops of pure cows' ghee (clarified unsalted cows' butter) to the body of rice and divide it into two portions.
- Then, after the word 'Swaha' in each mantra, offer with the right hand one portion of the rice/ghee mixture into the fire.

How does Agnihotra work?

Agnihotra gives **NUTRITION** to all of life
Plants
Animals
Humans

Effect shoots up 12km into the Biosphere

Agnihotra is the basic HOMA.
It initiates the main healing cycle.

The Agnihotra effect covers an area of 150 acres

Energy thrust into the atmosphere

Returns to the Pyramid

Mountains

Energy thrust into the atmosphere

First rays of the sun at sunrise and the last rays at sunset

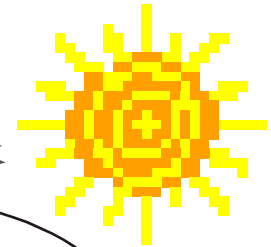

Plants give a feedback effect to the atmosphere

Agnihotra Ash

- Experiments conducted in Russia have shown that Agnihotra ash is NOT RADIOACTIVE, even though the ingredients are radioactive.
- The Russian scientists have discovered that Agnihotra ash contains 92 elements.
- In this way the body's total requirement can be covered.

Periodic Table of Elements

1 H																	2 He
3 Li	4 Be											5 B	6 C	7 N	8 O	9 F	10 Ne
11 Na	12 Mg	13 Al	14 Si	15 P	16 S	17 Cl	18 Ar

 Alkali Metals	 Alkali Earth Metals	 Other Metals	 Inert Elements

Insects Become Radioactive

- Around Chernobyl, site of the nuclear power plant accident the insects have not died.
- They have become radioactive.
- They multiply and create havoc.
- There is no way to stop them except Agnihotra and HOMA Therapy as given in the ancient Atharva Veda Guru tradition of India.

Agnihotra and Radioactivity

- I had a farm in Kirchberg an der Raab, Styria, Austria in 1986 when the Chernobyl accident happened.
- I was practising the principles of Homa Organic Farming including sunrise/sunset Agnihotra, four hours daily Om Tryambakam Homa and twenty-four hours Homa on Full Moon and New Moon day.
- Immediately after the Chernobyl accident the Austrian Government issued instructions that samples of all milk and fodder in our area should be tested for radioactivity.
- Scientists were shocked to find that milk and fodder on my farm had normal radioactivity while all the surrounding farms had much higher radioactivity.

*Farm of Karin Heschl
Kirchberg an der Raab, Styria, Austria*

HOMA Organic Farming

- Homa Organic Farming means making use of Agnihotra and Homa Therapy to enhance the results of any organic farming practice.
- Homa Organic Farming not only enriches the soil but the whole of Nature comes into balance by purifying the atmosphere, the soil, the sub-soil and the water resources.
- According to Rudolf Steiner, the father of Biodynamic farming, plants extract more than 70% of nutrition from the atmosphere. Hence the emphasis on Agnihotra for healing the atmosphere.
- Homa Farms usually go organic within 1 year.

HOMA Organic Farming

- Quantity of harvest per acre will be greater than that grown by any method known to modern science, whether it is organic, chemical or cultural.
- The harvesting time is reduced and therefore the interest the farmer has to pay on loans from banks will be reduced.
- The taste of HOMA produce is better than that produced by any other method for the same variety.
- There is improvement in colour and texture of the harvest.

- HOMA produce has a longer shelf-life than that grown by any known modern method. This is important from the marketing point of view.
- Natural predators appear automatically.
- Disease resistance increases.
- Cost of production is much less compared with other methods.

Cycle of Homa

Cows give plentiful supplies of high quality dung and ghee for Homa

Regular practice of Homa

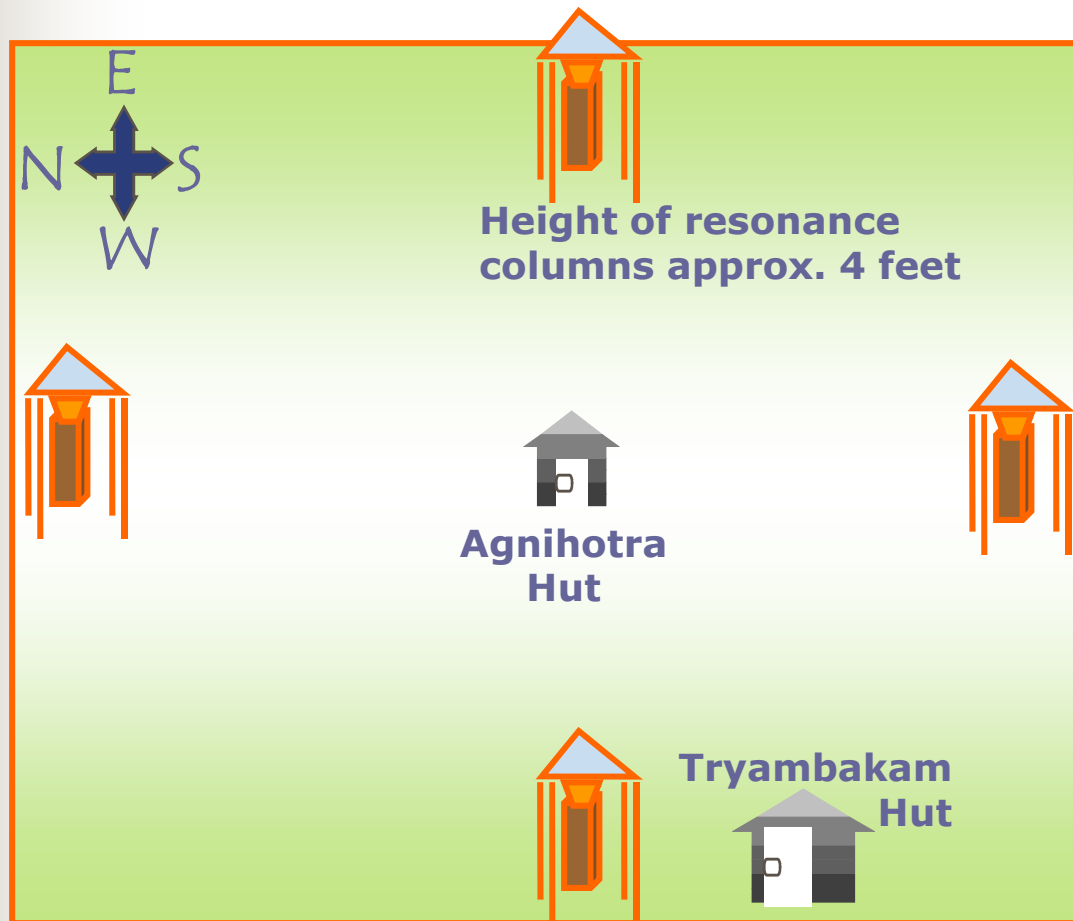

Nutritious and timely rains

Man and animals become happy and healthy

Abundant and healthy crops

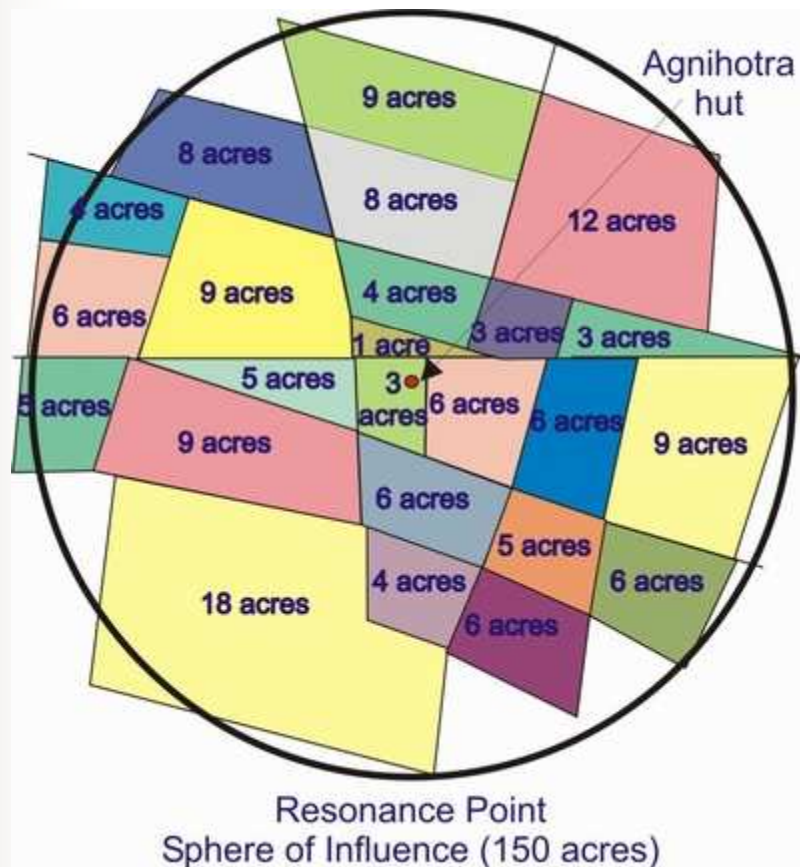

Resonance Point Layout

- One Resonance Point unit can treat up to 150 acres.
- One hut for Agnihotra is constructed near the centre of the farm.
- A second hut for Homa is constructed in any other convenient location.
- Four pillars are raised on the boundary at the cardinal points.

Homa Organic Farms Complex

- The same human effort is required to heal one acre or 150 acres.
- This example shows a complex of 24 small farms which could cooperate as a single Resonance Point unit.
- This results in a sharing of the labour and costs between the farms.

Honey Bees

- Inborn in the honey bee are certain hormones that are produced solely in HOMA atmosphere.
- This subject is foreign to anything science has encountered so far in this respect.
- These hormones help the nutritional levels yielded in vegetables and fruits to yield at much increased rates.

Solubility of Phosphate

Dr. Tung Ming Lai, Denver, Colorado, USA

All growing plants need phosphorus. However, regardless of how much phosphate is added to the soil, only the water soluble portion can be utilized by the plant.

<i>Solubility of Phosphate</i>				
Soil Used	Phosphate % per gram of soil		Phosphate % per gram of ash	
	Non-Homa	Homa	Non-Homa	Homa
No Soil - Only Ash			3.40%	8.90%
Weld Loam	0.42%	1.72%	21.00%	86.00%
Red Feather Loamy Sand	0.23%	1.15%	11.50%	57.50%

Pathogenic Micro-organisms

- Dr. Arvind G Mondkar M.Sc, Ph.D, Practising Microbiologist, Mumbai
 - *Studies showed that Agnihotra fumes are rich in formaldehyde and other substances which have inhibitory effects on micro-organisms like staphylococci, salmonellae, etc*
- Dr. B.R. Gupta, Associate Professor of Microbiology, CSA University of Agriculture, Kanpur
 - *Studies showed that bacterial colony count in Agnihotra atmosphere was 80% less than that in non-Agnihotra atmosphere.*
- Wg. Cdr. D.V.K. Rao, Classified Specialist, Pathology, Defence Institute of Physiology and Allied Sciences, Delhi
 - *Studies showed that Agnihotra ash has a bacteriosatic effect and controls the growth rate of various types of pathogenic bacteria.*

Agnihotra Ash Medicine

Ointment

- In a vessel suitable for preparing ointment, mix together one part Agnihotra ash powder and nine parts ghee by weight.
- It can be used externally for all kinds of skin problems - inflammation, eczema, scars, dry skin, etc.
- It is used internally for heart conditions, kidney problems, etc.
- Simultaneously rub the ointment externally over the affected organs like the heart or kidneys.

Pooja Jain, Parola, Dist: Jalgaon, Maharashtra

Penicillin-cephalosporin allergy

**Before treatment with
Agnihotra ash**

- Pooja was afflicted with this allergy at the age of 5 years after receiving cephalosporin injection
- For 8 years her parents were trying for a cure
- They consulted 21 doctors during that period
- Doctors' bills amounted to Rs 1,20,000 (\$2,700)
- No-one was able to help her
- After only 2 months treatment with Agnihotra ash and ghee both internally and externally her allergy has improved dramatically

**After 2 months treatment
with Agnihotra ash**

Rajaskekhara Gudimani, Hagari Bomman Halli,
Dist: Bagalkot, Karnataka
Sciatic nerve

- Rajashekhara was suffering from severe pain in one leg due to a problem with the sciatic nerve.
- Doctors suggested an operation.
- At about this time his wife began to practise Agnihotra and she suggested that he start taking the ash daily.
- He did so and one month later the pain was no longer there and the operation was not necessary.

Sanjukta Talukdar, Nasik, Maharashtra, India

Porphoria

- Sanjukta is suffering from Porphoria, a rare disease for which there is no known cure.
- For more than two and a half years she reported severe headache, stomach ache and repeated vomiting. She used to vomit 20-25 times a day and even in her sleep.
- One evening, together with her parents, she attended an Agnihotra session. From that night onwards she improved considerably and after three days she stopped vomiting altogether.
- Five days later her family started practising Agnihotra in their own home.
- Her next urine test one week later reported alkaline phosphate level within the normal range.

Dr S.S. Salunke, Bahadarpur, Dist: Jalgaon, Maharashtra

Kidney stones

- In 1998 Dr Salunke was operated on for kidney stones. But the operation was not successful and the kidney stones returned after a short time.
- In 2004 he visited Tapovan to learn Agnihotra and took a few leaves from the Ayurvedic herb Bryophyllum pinnatum. After 10 days practising Agnihotra and taking the leaves of the herb he was free of painful symptoms.
- A sonography test showed that in one kidney all 3 stones had completely dissolved.

Suresh More, Pachal, Dist: Ratnagiri, Maharashtra

Eye Damage

- Suresh is a welder by trade. Like many people in his field he has suffered eye damage over the years.
- Over the years he has taken many allopathic medicines and other preparations but nothing has given permanent relief.
- One day his eyes were feeling quite painful and he heard from his boss about the use of Agnihotra ash as medicine.
- He was given some Agnihotra ash eye-drops in distilled water. He applied the eye-drops with cotton wool and overnight he was healed.
- He now gives the Agnihotra ash eye-drops to everyone in his welding workshop.

Mrs Silvia Ortega Melo, Guayaquil, Ecuador

AIDS

- The effects of Homa Therapy go beyond removing the symptoms.
- After 60 days Homa Therapy treatment, 20 year-old Silvia went from HIV + (positive) to HIV - (negative).
- This is truly a **MEDICAL BREAKTHROUGH.**

Feliz Gustavo Amarillo, Bogota, Colombia

Psoriasis

Dr. Navarro, a Homeopathic Doctor from Bogota treated him and many other patients with Agnihotra ash.

Patient suffered from psoriasis, which covered his chest, back, arms and especially the legs.

Treatment

On the affected body parts Agnihotra ash mixed with Ghee was applied for 6 months.

The patient also ingested the Agnihotra ash in small quantities during the time of treatment.

Results

Complete Recovery.

Jorge Sandoval Moscol, Piura, Peru

Diabetes

- I was diagnosed with diabetes, having a glucose level of **348** in my blood.
- After attending the Homa Therapy sessions I was able to acquire the Agnihotra materials and now we practice it at home with the whole family. Today I have a glucose level of less than **100** and the queasiness has almost completely disappeared. The healing effect of this old medicinal healing science is incredible.
- Now I feel healthy and very calm and take life with love and patience, which works for the best of the whole family.

Alicia del Canto, Valera, Venezuela

Astigmatism-Hypermetrophy

- I work as a medical intern in a hospital in Valera, and for quite some time I have been suffering from astigmatism-hypermetrophy and I would see many dots and little black lines known as scotomas in medical terms.
- One day while examining a patient's eyes I noticed that I no longer needed to use a +5 lens on the ophthalmoscope but instead I needed only +3.
- I decided to perform a self-evaluation. I repeated the test innumerable times and I became convinced; my vision had improved by two diopters.
- Also when I fixed my sight on a white wall I was even more surprised to find that the scotomas had decreased very considerably.
- I had been attending performance of Agnihotra for only 12 days when I discovered that my vision had inexplicably improved.

Dieter Ehsemann, Piura, Peru

Multiple Sclerosis

- I am German and work and live in Peru with my wife Irmgard.
- Since November of the year 2000 we are practicing Agnihotra continually.
- Since I began with Homa Therapy I have not had any attack of Multiple Sclerosis and did not need to take Cortisone.
- And for this reason I will continue the practice of Agnihotra till the end of my life.

Gustavo Trigerero Alvarez, Guayaquil, Ecuador

High Blood Pressure

- I suffered from high blood pressure and had to take pills constantly.
- If I did not take them, I felt bad and the doctors told me that I have to take them every day.
- With the fires of Homa Therapy I feel very well.
- Now it has been three months since I stopped taking the pills and I feel magnificent.
- When I get up now in the morning my blood pressure is normal. Now I feel well, the things I do, I do with energy and they come out well, with success.
- I have told many people that it seems like I have found a hidden treasure with the Agnihotra ash and I give it to all people, friends, neighbors, and family.
- For me this is something that I have never seen before and it is powerful.
- I thank those who taught me the Homa Therapy and I thank God.

Carmen Hurtado, Elqui Valley, Cochiguaz, Chile

Severe Burn

- During final preparations for an overseas trip, I spilled a pot full of hot oil over my hand.
- I quickly put my hand in a clay pot filled with Agnihotra ash and spent the whole night like that.
- The next morning I decided not to go to the hospital for treatment.
- Instead, I left on my trip with a package of Agnihotra ash and my hand wrapped in many gauzes with lots of ash.
- I spent the two months this way, renewing only the bandage with the ash, without surgical cleaning.
- To my surprise, after going through the blister stage, the hand was healing and never became infected.
- When I returned from my trip, two months later, the skin on my hand was smooth and there was no scar.

Maria Veronica Bastidas, Quito, Ecuador

Depression

- 6 weeks ago I was given the Agnihotra ash at a time when my father was on the verge of death.
- He could not eat without help and he had been taking pills for 30 years for insomnia and also antidepressants.
- He could not walk nor talk, the spasms were coming more and more frequently and severely.
- I took him to a neurologist, who said that there was nothing left to do, since my father was dependent on the drugs.
- At this time I gave my father Agnihotra ash. I told him that it was Ayurvedic medicine and that he had to take it with his food.
- Then the spasms disappeared and he began to eat again, he has been so thin.
- The neurologist suggested that he reduce the medication gradually.
- Now my father does not take tranquilizers, nor antidepressants.
- He continues taking the Agnihotra ash. He is CURED.
- He now works with me in the clinic and is a new man at 62.

Mario Aguilar, Coquimbo, Chile

Pneumonia

- My friend's son was suffering from pneumonia.
- I told him that I have had good experiences regarding health problems with Agnihotra ash from Agnihotra Homa.
- I gave him the small bottle of ash I had with me and told him: "Take this. You and your son should take a pinch of this ash every hour and before the week is over he will be perfectly well."
- I told him not to open the box of medicines he was carrying.
- He looked at me and said: "This medicine cost me a lot of money." I told him that this was not important. He trusted my advice.
- After only 3 days he told me that his son was able to run, that his appetite had returned, he was practicing sports and he was wonderfully well.
- He took more ash for his wife who was suffering with nervous system problems and this gave a splendid result.

Marisol and Stephanie Solis, Guayaquil, Ecuador

Epilepsy

- My daughter, Stephanie, is 16 years old. She was having convulsions every 3 hours. This began when she was 8 years old and now she is 16 years old. Sometimes she had convulsions the whole night through, one after the other.
- I had to run to the hospital and we returned the following day. She has been taking medication, but the many attacks still continued.
- Thanks to God and to my aunt, we arrived at the "HOMA Medical Center The Good Shepherd." Now, she rarely has convulsions and, if she does, it is light and short. We come to Agnihotra every day and we take the Agnihotra ash. We have been doing HOMA Therapy for 4 months now.

Irma Garay, Lima, Peru

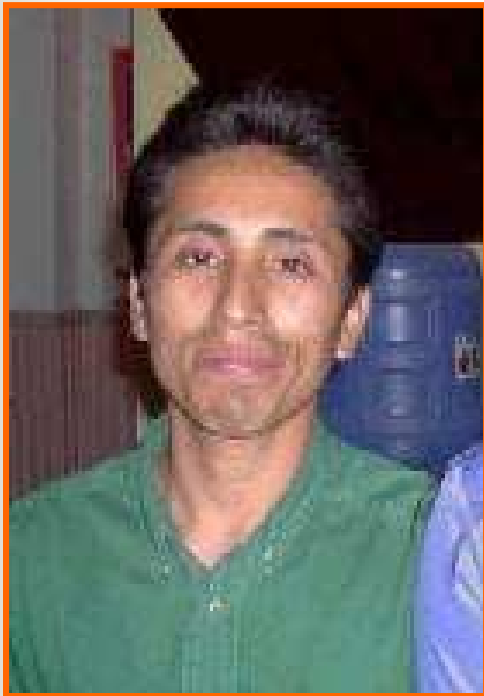

Schizophrenia

- At an early age my daughter showed problems of aggression and hyperactivity.
- She was given "Ritalin" and other medications in order to be controlled.
- Then, at the age of 12, she was diagnosed with Schizophrenia.
- This meant constant crisis and our house seemed to be like a psychiatric hospital.
- The medication for the Schizophrenia made her sleep 24 hours a day. It was terrible.
- My desperation was even greater, because I saw her suffer a living death.
- Thanks to God I learned about Homa Therapy.
- Many saw my daughter screaming when we arrived at the first Agnihotra session at the Turiassu Clinic.
- But in the third Agnihotra session, she stopped screaming and until today we never again had to face that aggression and total lack of control.
- So much so, that within 6 months gradually, I took her off all the medication.
- Now she is completely well and she does not take any medication.
- We only practice Homa Therapy.

Vicente Gutierrez, Guayaquil, Ecuador

Cysticircosis

- In May, 1999 I had a convulsion. A CT Scan was taken and I found out that I had a cyst in my brain.
 - The medication I got did not show any results. Then in the month of March, 2002 I had my fourth CT Scan and the doctor said that there was no improvement.
 - I started with Homa Therapy in the clinic of Dr. Peterson. During the Agnihotra fire my whole body felt very relaxed.
- I was given Agnihotra ash and I feel very relaxed when I take it. Thanks to this treatment, I am overcoming my depression and I am out of danger with the Cysticircosis. I only took the Agnihotra ash for 7 weeks.

Before Homa Therapy

After 7 weeks
Homa Therapy

Noma Cosmos, Albuquerque, New Mexico, USA

Accident (part 1)

Noma Cosmos at her first Agnihotra meeting in Albuquerque

- Noma Cosmos, 74 years of age, came to her first Agnihotra meeting in Albuquerque with a walking frame that also served at the same time as a wheelchair.
- She was suffering from pain all over her body for more than three years after an accident.
- She received the healing power of 10 Agnihotra fires and took the Agnihotra ash home. After taking a bath and using the Agnihotra ash all over her body, she felt so good she did not want to go to bed. But she slept 10 hours straight (she normally used to get up 2 or 3 times at night).

Noma Cosmos, Albuquerque, New Mexico, USA

Accident (part 2)

- Two days later at the Agnihotra gathering in Santa Fe, Noma Cosmos came to give her testimony of healing. She had left her wheelchair at home.
- She got up from the chair without any help; she could walk without any help; she had gotten out of bed like a healthy person (normally she needed half an hour); she could even cross her legs and she could hold a glass with her fingers and use her hand.
- And the most important thing is that the pain had disappeared. She is very happy and grateful to the Divine.

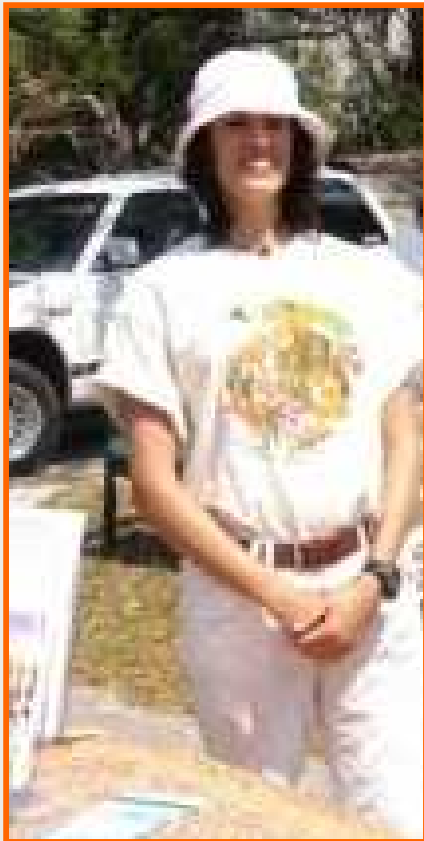

2 days later, a very happy Noma Cosmos

Mary Lee Weir, Belize

Drug Addiction

- I have been practicing Agnihotra and Homa Therapy since December 2003. Things were a disaster at that time in my life and I lost everything including almost my own life to a drug overdose.
- I underwent the Homa Therapy Drug De-Addiction Program in Peru for 3 months.
- The next six months I spent in India, mainly at Tapovan.
- When I returned to USA and “the daily routine” in November, things were very different. I was not so angry or confused and I had absolutely no desire for any substance other than the one I created through the Agnihotra fire.

Christa Mena Linder, Puerto de Santa Maria, Spain

Hepatitis

- Our friend, Alfredo, teaches flamenco singing. He had one student who became a very famous flamenco singer.
- He had organized a tour from town to town.
- However, he became ill with hepatitis. He felt very bad and the doctor told him you have to take many medicines.
- Still, he wanted to go on the tour. Alfredo went with him on this tour.
- Every evening before he went to sing, he took a glass of water and Agnihotra ash. Normally before the show these singers drink a glass of wine, but this time he took only Agnihotra ash and water!
- And so, in spite of his illness, he was able to do the whole tour. And after each performance, he found the power of his voice had increased.

Bruce Johnson, Hunter Valley, Australia

Asthma

- In 1987 my wife, Anne, first started practising Agnihotra.
- I was skeptical at first, but after some time I also started the practice.
- I had chronic asthma for 20 years since adolescence.
- After several months practising Agnihotra my asthma was completely cured.

Frits Ringma, Hunter Valley, Australia

Triple Cancer

- One young man came to us in desperation.
- He had three types of cancer; cancer of the kidney, brain tumour and leukemia.
- Doctors told him there was no hope.
- Fortunately he started to practise Agnihotra.
- Within 6 months all cancers were completely healed - no more cancer on the kidney, no brain tumour and no more leukemia.
