Sadhak Sewekaris created a history of a sort when they created a Bhojan Kaksh within ashram premises precisely within 24 hours after they started creating it. This happened on 5th February. Guruji was in deep meditation on 4th February morning in a sadhana room. He had a vision of a Kutir in the North West corner of the ashram with a clear cut instruction that a separate Bhojan Kaksh (Eating room) be provided there so that we do not have to eat near the Shiva Linga site which is vibrant right now. Guruji talked about it in the afternoon to the sewekaris there. They were all charged and started working with a zeal which was unique. 9 sadhaks worked on their own (including two Spanish visitors to the Ashram) and completed the mission exactly on 23rd hour from the insight. The cost? ZERO. All the available materials from the natural stuff around was used. Miraculous. We have started eating there from the very same evening.
